# SHADY MILE

*"Under the moonlit sky, bootleggers met at the point of a county road known as the Shady Mile. When business was concluded they would share a sip or two of the finest Kentucky had to offer. Show your appreciation for this fine whiskey and toast to those who worked the Shady Mile!"*

Produced by the 10th oldest distillery in Kentucky. Shady Mile only uses the highest quality ingredients.

The subtle, smooth taste comes from the blend of corn, rye and Kentucky limestone filtered water. Shady Mile is a medium amber color with a smooth, clean taste.
